Editorial Foreword

Articles

T. K. K. Azmi, D. Sukma, S. A. Aziz and M. Syukur

Polyploidy Induction of Moth Orchid (*Phalaenopsis amabilis* (L.) Blume) by Colchicine Treatment on Pollinated Flowers

DOI: <http://dx.doi.org/10.4038/jas.v11i2.8118>

62

D.R.R.P. Dissanayake, H.M.P.D. Herath, M.D.M.I.M. Dissanayake, M.D.M. Chamikara, M.M. Jayakody, S.S.C. Amarasekara, K.W.T.R. Kularathna, N.N.H. Karannagoda, M. Ishan, and S.D.S.S. Sooriyapathirana

The Length Polymorphism of the Locus *psbA-trnH* is Idyllic to Detect the Adulterations of Black Pepper with Papaya Seeds and Chili

DOI: <http://dx.doi.org/10.4038/jas.v11i2.8120>

74

R. M. Olanrewaju, S. L. Tilakasiri and E. A. Adeleke

Effects of Climate on Chicken Production in Ilorin, Kwara State, Nigeria

DOI: <http://dx.doi.org/10.4038/jas.v11i2.8121>

88

M. Shahrma Tasnin and M. Khalequzzaman

Toxicity Bioassay of some Essential Oil Vapour on Various Life Stages of Two-Spotted Spider Mite, *Tetranychus urticae* (Acari: Tetranychidae) under Laboratory Conditions

DOI: <http://dx.doi.org/10.4038/jas.v11i2.8122>

97

S. A. D. T. L. Wijesundara, B. T. S. D. P. Kannangara and K. Abeywickrama

Antifungal Activity of *Croton aromaticus* L. *in vitro*, Against Post-Harvest Fungal Pathogens Isolated from Tropical Fruits

DOI: <http://dx.doi.org/10.4038/jas.v11i2.8123>

105

K. A. Abdulkareem and O. T. Mustapha

Assessment of the Diversity of Leaf Epidermal Traits of *Dipcadi Filamentosum* Medik Among Different Co-Geographical Regions in Nigeria

DOI: <http://dx.doi.org/10.4038/jas.v11i2.8124>

118

A. G. I. Malkanthi, R. A. S. Perera and M. L. M. C. Dissanayake

Turf Yellowing Disease in *Paspalum vaginatum* (Turf Grass): Identification of Causative pathogen and Chemical Control

DOI: <http://dx.doi.org/10.4038/jas.v11i2.8125>
