

Attention All Students – Faculty of Geomatics

As a quality enhancement measure, the Faculty Board, at its meeting held on **16 June 2026**, has decided to strictly enforce the **minimum attendance requirement of 80%** for all students.

Accordingly, all students are advised to maintain the required attendance level from the commencement of the **upcoming semester (22 June 2026 onwards)** by regularly attending all lectures, practical sessions, fieldwork, and other scheduled academic activities.

Students who fail to satisfy the minimum attendance requirement will be subject to the relevant Faculty regulations and may face academic consequences.

Thank you.

Dean
Faculty of Geomatics
