SABARAGAMUWA UNIVERSITY OF SRI LANKA

# STRATEGIC MANAGEMNT PLAN 2019-2023

Goals, Objectives, Strategies & Actions

STRATEGIC MANAGEMENT PLAN, SUSL, 2019 - 2023

#### CHAPTER 1: INTRODUCTION

#### 1.1 History of Sabaragamuwa University of Sri Lanka

The relatively short history of Sabaragamuwa University of Sri Lanka (SUSL) was started in 1991 as an affiliated university college to University of Sri Jayewardenepura, located in the former Japanese Expatriate Village of Samanalawewa Project in Belihuloya. Academic programs commenced from 1992, with three study areas namely; Travel and Tourism Management, Accounting & Finance, and English. The first batch of students was limited to 225 and was served by an academic staff of about 10 with several visiting lecturers from other Universities and Institutions. In 1993, during the second year of operation, the Sabaragamuwa Affiliated University College achieved success in many areas. In this year it admitted 166 students coveringall ethnic groups; introduced a Department in Travel and Tourism Management; added a separate Computer Centre; laid the foundation stone for the construction of a new Library; and started conducting several Study Programs on English and Japaneselanguages for the community at large. In 1995, on the recommendation of a Committee appointed to look into the status of Affiliated Universities of the country, the Sabaragamuwa Affiliated University College was converted into a National University, creating the lib National University of Sri Lanka. The Souvenir issued on the occasion of commissioning the University stated that, "in the course of past four years under the Affiliated University College System, it was possible to develop such facilities as Lecture Halls, an Auditorium, Computer and Language Laboratories and Reading Rooms, Welfare and Medical Centers, an Open Air Theatre and a Herbarium. The facilities that existed at the premises when taking over from CEB viz, the housing complex, the residences, offices, Gymnasium, Swimming Pool, Tennis Courts and a pipe borne water supply scheme, have made it possible to fulfill as many of the requisites and basic needs of a University".

Sabaragamuwa University of Sri Lanka was established on November 07, 1995 as a University under the section 21 of the Universities Act No. 16 of 1978 and was ceremonially opened on February 2, 1996, with four faculties. It was subsequently decided to amalgamate the Uva Affiliated University at Rahangala and Buttala Affiliated University as Faculties of Agricultural Sciences and Applied Sciences, respectively. The Faculty of Agricultural Sciences at Rahangala shifted to Belihuloya in2001. The Faculty of Geomatics was established as the fifth Faculty, in 2004. The Faculty of Applied Sciences, which was located in Buttala, was shifted to the main campus in Belihuloya in 2008.

The Faculty of Geomatics was established in 2004 as the successor of the Department of Surveying Sciences, which introduced the BSc in Surveying Sciences Degree

Program in 1997. Faculty of Technology was established in 2018 as the seventh faculty of the and the university. The Faculty of Medicine was established in Ratnapura in 2018 as the eight faculty of the university. Therefore the currently the

Sabaragamuwa University of Sri Lanka as become one of the leading full-fledged universities in Sri Lanka.

#### **1.2 Present Status of Academic Activities**

At present, SUSL operates with eight Faculties and 24 Departments, offering 61 degree programs as given below.

Faculty of Agricultural Science		
Department of Export Agriculture	B.Sc. Agricultural Science & Management	
Department of Livestock Production		
Department of Agribusiness Management	B.Sc. Food Business Management	
Faculty of Applied Sciences		
Department of Medical Education andInformation Systems	B.Sc. Honors in Computing and Information Systems B.Sc. Honors in Software Engineering	
Department of Food Science and Technology	B.Sc. Honours in Food Science & Technology	
Department of Natural Resources	Bachelors in Environmental Sciences and Natural Resource Management BSc. Honors in Environmental Sciences and Natural Resource Management	
Department of Physical Sciences and Technologies	<ul><li>B.Sc. Honors in Chemical Technology</li><li>B.Sc. Honors in Computer Science and Technology</li><li>B.Sc. Honors in Applied Physics</li><li>B.Sc. (Applied Sciences) in Physical Sciences</li></ul>	
Department of Sport Sciences and Physical Education	B.Sc. Honors in Physical Education B.Sc. Honors in Sport Sciences and Management	

#### Table 1.1 Degrees offered by SUSL

Faculty of Geomatics	
Department of Remote Sensing and GIS	Bachelor of Science Honours in Surveying Sciences in Remote Sensing Bachelor of Science Honours in Surveying Sciences in Geographic Information System
Department of Surveying and Geodesy	Bachelor of Science Honours in Surveying Sciences in Surveying & Geodesy Bachelor of Science Honours in Surveying

	Sciences in Land Management
	Bachelor of Science Honours in Surveying Sciences in Hydrographic Surveying
Faculty of Medicine	
Department of Anatomy	Bachelor of Medicine and Bachelor of Surgery
Department of Biochemistry	(MBBS)
Department of Physiology	
Faculty of Management	Studies
Department of Accountancy & Finance	BSc. Honours in Financial Management BSc. Honours in Banking & Insurance
Department of Business Management	BSc. Honours in Business Management
Department of Marketing Management	BSc. Honours in Marketing Management
Department of Tourism Management	BSc. Honours in Eco-Business Management BSc. Honours in Hospitality Management BSc. Honours in Tourism Management
Faculty of Social Sciences &Lan	guages
Department of Economics & Statistics	Bachelor of Arts Honors in Economics
	Bachelor of Arts Honors in Statistics
	Bachelor of Arts Honors in Information Communication Technology

6

Department of English Language Teaching		
Department of Geography 8 Environmental Management	Bachelor of Arts Honors in Geography	
Department of Languages	Bachelor of Arts Honors in Sinhala Bachelor of Arts Honors in Tamil Bachelor of Arts Honors in English Bachelor of Arts Honors in German Bachelor of Arts Honors in Japanese Bachelor of Arts Honors in Chinese Bachelor of Arts Honors in Hindi Bachelor of Arts Honors in Translation Studies	
Department of Social Sciences	Bachelor of Arts Honors in Political Science	
	Bachelor of Arts Honors in Sociology	
Faculty of Technology		
Department of Biosystems Technology	Bacholer of Biosystems Technology Honors degree: BBST(Hons)	
Department of Engineering Technology	Bacholer of Engineering Technology Honors degree: BET(Hons)	

#### Table 1.2 Postgraduate degrees offered by SUSL

The post graduate degree and diploma programs offered by the Faculty of Graduate Studies (FGS) in collaboration with different Faculties and the Centre for Indigenous Community Studies are listed below:

Faculty / Centre	Postgraduate Program
Faculty of Management	MSc Ayurvedic Hospital Management
	Master of Business Administration
	Master of Business Administration (Finance)
	Master of Business Administration (Marketing)
	Master of Business Administration (Tourism)
	PGD Business Administration
	Master of Philosophy

I	
	Doctor of Philosophy
Faculty of Geomatics	MSc Surveying Sciences
	Master of Philosophy
	Doctor of Philosophy
	Master of Philosophy
	Doctor of Philosophy
Faculty of Applied Sciences	Master of Information Technology
	Postgraduate Diploma in Indigenous Studies
	Master of Philosophy in Indigenous Studies
Centre for Indigenous Community Studies	Doctor of Philosophy in Indigenous Studies
Faculty of Agricultural Sciences	Master of Philosophy
	Doctor of Philosophy

In addition to that the FGS offers Research Higher Degrees. Research Higher Degrees offered by the FGS-SUSL are designed to provide research training in a manner that fosters the development of independent research skills in candidates. The Master of Philosophy (MPhil) and Doctor of Philosophy (PhD) programs are advanced postgraduate degrees undertaken by research only, and lead to advanced academic and theoretical knowledge in a specialist area. Both programs are available in full and part-time modes.

The Centre for Open and Distance Learning (CODL) of SUSL offer following degree, diploma and certificate courses for external students.

### Table 1.3 Degree, diploma and certificate courses offered by the Centre for Open and Distance Learning (CODL) of SUSL

B.A. General (External)

B.B.A. in Agribusiness Management (External)

Higher Diploma in Corporative Business Management

Higher Diploma in English

Diploma in Software Engineering

Diploma in Tourism and Hospitality Management

Diploma in English

Diploma in Business Management

Diploma in Social Development and Welfare

Certificate Course in Computer and Information Technology

Certificate Course in Networking

Certificate Course in English

Certificate Course in Web based Application Development

Certificate Course in Advance Computer aided Drawing

Certificate Course in Advanced JAVA Programming

#### **1.3 Students and Human Resources**

The details about the student population and the human resources of the SUSL are mentioned as follows:

Table 1.4 The number of students	of SUSL per Faculty
Faculty	No of Students

Faculty	No. of Students
Agricultural Sciences	395
Applied Sciences	1005
Geomatics	274
Management Studies	1329

Medicine	75
Social Sciences and Languages	1087
Technology	150
Total	4315

#### **1.4 Present status of Infrastructure Facilities**

#### 1.4.1 Land Area

The Sabaragamuwa University of Sri Lanka is located about 162 km away fromColombo along the Colombo - Badulla main road. The main campus of Sabaragamuwa Universityin, Belihuloya possesses sufficient land for future development. It consists of approximately 253 acres as detailed below

- Main university premises transferred by the Ceylon Electricity Board 66 acres
- Main playground and Faculty complex premises 56 acres
- University Farm premises 31 acres
- Non Perial land 50 acres
- Other lands 29 acres (water pumping and purification unit, hostels, nature park and reserve )
- Land in Rathnapura for Faculty of Medicine 20 acres
- Medical Faculty premises (Land in Batuhena) 1 acre

#### **1.4.2 Facilities for Academic Development**

The lecturing and laboratory facilities required for the Faculty of Management Studies and Faculty of Social Sciences and Languages, Faculty of Applied Sciences and Geomatics have adequately been addressed as new building complexes are either completed or nearly completed. The Faculty of Agricultural Sciences possesses adequate capacity for the present intake of students. However, the need of a new building complex arises with the expected higher student intake and the postgraduate degree programs.

In all eight Faculties the available facilities (i.e. lecture rooms, laboratories, classroom furniture and computers) are either manageable or have plans for development as per the present intake. However, with the proposed development plans, the student intake will be increased over time, requiring the expansion of these resources.

There are 31 acres of land in Mungastenna allocated for the development of a Research and Educational Farm for the Faculty of Agricultural Sciences. A state-of the-art building for in-farm training is already completed in these premises. The present Livestock and Crop Units barely cater to the present intake of students.

Library: SUSL has Four Libraries. The main Library serves the Faculties of

Social Sciences and Languages, Applied Sciences, Geomatics and Technology. The Management Faculty Library and the Agriculture Faculty Library serve the respective faculties. The library of the Faculty of Medicine is located in Batuhena, Ratnapura. The facilities available in all four libraries are sufficient merely to provide minimal service to the present student population. The construction work of new building complex for the main library was started in year 2018.

#### Center for Quality Assurance (CQA)

Centre for Quality Assurance (CQA) of Sabaragamuwa University of Sri Lanka was established in complying with the Commission Circular No. 04/2015 as a coordinated body of University Grants Commission's Quality Assurance and Accreditation Council funded by HETC project http://www.eugc.ac.lk/qaa/) and it was established with the name of Internal Quality Assurance Centre (IQAC). Later it was renamed as the Centre for Quality Assurance, in line with the Commission Circular 09/ 2019. CQA is primarily tosafeguard academic standards and quality of higher education qualifications and to inform and encourage continuous improvement in the management of the quality of highereducation. CQA of Sabaragamuwa University oversees quality assurance for all teaching and learning processes, student support and institutional development. CQA ensures that the Sabaragamuwa University operates in conformity with the Sri Lankan Qualification Framework (SLQF) and academic standards and accreditation set forth by Quality Assurance and Accreditation Council of Sri Lanka. The COA is headed by a Director, who is guided by the Senate Standing Committee on Quality Assurance (SSC -QA). The SSC -QA is chaired by the Vice-Chancellor of the University, and is constituted as per the guidelines issued by the University Grants Commission in this regard.

Faculty level quality assurance activities are managed by the Faculty Quality Assurance Committees of the Faculty Quality Assurance Cells established as per the QA By-Laws.

**Centre for Open and Distance Learning (CODL)** of the Sabaragamuwa University of Sri Lanka was established to administer and coordinate all external degree programs, diplomas, certificate courses and extension programs conducted by the faculties, departments, centers, and units of the university. CODL of SUSL currently conducts more than 14 higher diploma, diploma and certificate courses, accommodating about 2000 students. However, the infrastructure facilities in CODL are barely sufficient for the present students, let alone the planned future intake. Hence, the CODL needs to be developed to capitalize its potential for future.

#### Centre for Indigenous Knowledge and Community Studies

The Centre for Indigenous Knowledge and Community Studies was established on 18<sup>th</sup> December 2006 at the Sabaragamuwa University of Sri Lanka being the first Indigenous Studies Centre in the country. From the inception, the Centre has introduced three postgraduate programs, namely Postgraduate Diploma (PGD), Master of Philosophy (MPhil) and Doctor of Philosophy (PhD). Presently, the Centre provides academic spaces to those who are interested in learning and researching histories, cultures, languages, traditions, technologies and life styles of indigenous and native people and communities in Sri Lanka as well as in other countries. Students develop abroad interdisciplinary knowledge based on indigenous knowledge, social systems and contemporary issues relating to indigenous and native societies.

The Centre passionately engages in discovering new knowledge utilizing indigenous and existing ancestral knowledge in order to usher the nation and the entire global society into an innovative new era by empowering its scholars intellectually, physically, emotionally and socially at the CIKCS and its community through a viable research based education to provide skilled intellects who will passionately make the world a better place for all mankind while achieving sustainable community development. The post-graduate programs of the Centre are designed to promote advanced training and research in indigenous studies. The main objective of the program is to continuously produce researchers who are well-equipped with theoretical and applied aspects of indigenous studies to contribute to the world of indigenous knowledge.

#### Centre for Research and Knowledge Dissemination (CRKD)

The Center for Research and Knowledge Dissemination at the Sabaragamuwa University of Sri Lanka (CRKD-SUSL) is a venue to promote research among the academics within the university, to make opportunities for presenting and publishing research findings for local and international researchers and to disseminate knowledge to the community.

CRKD-SUSL is established to formalize the ongoing research activities for an efficient service. The CRKD-SUSL is also responsible for the university-community partnership programs. Also, CRKD represents the Research Grants Committee of SUSL which is responsible for promoting a research culture of the university. It is also responsible for coordinating, monitoring and evaluating the research projects conducted by the university and coordinating the activities and decisions taken at the Research Grants Committee of the university publications such as SUSL journal, Sabaragamuwa Vishvavidyala Shasthreeya Sangrahaya, Sabaragamuwa University Newsletter and symposium proceedings. It also organizes symposia and conferences to discuss research findings and exchange knowledge among local and International scientific community. Extension and public awareness unit of CRKD is responsible for organizing extension and public awareness programs to disseminate knowledge to the community. It is also responsible for coordinating international collaborative activities

of the SUSL, promoting SUSL staff to build links with international organizations and universities and to network international research and other service programs conducted by different faculties of the University and by staff members.

**Agribusiness Research and Development Centre (ABRDC)** intends to undertake comprehensive research and consultancy assignments in agribusiness management and allied disciplines. These include feasibility studies, business plans, baseline surveys, market research, and socio-economic surveys. It adopts a multidisciplinary approach to examine issues in agribusiness management drawing expertise from a diverse panel of academics and professionals. Future expansion of this will widen the frontiers of agribusiness studies in the university and serve the outside community as well.

**Livestock Extension and Research Circle (LERC):** This circle intends to undertake training, research and extension activities in the field of Livestock Production. Most of farmer training activities and training programs associated with Schools in the region are conducted under this circle. Circle organizers more 15 programs in each year.

**Centre for Biodiversity and Environment Studies (CSBES)**: The Newly established "Centre for Biodiversity and Environment studies", attached to Faculty of Applied Sciences caters to the need for research in natural resources. However, minimum infrastructure facilities in the Centre highlight the need of further improvements.

**Centre for Computer Studies (CCS)**: Currently this Centre provides academic support services to some Faculties to manage network services and undertake computer maintenance activities. However, with the establishment of IT faculty, the academic activities of the Centre will be taken over. Hence, the futuristic approach should focus more on system development and IT maintenance for the university.

#### Staff Development Centre (SDC):

The Staff Development Centre (SDC) of Sabaragamuwa University of Sri Lanka was established as a central unit to conduct training programs to develop skills and knowledge of all categories of staff members in the university. The SDC is always aiming to enhance the knowledge and skills of the communities in the university system in Sri Lanka to obtain an efficient and effective service from the university staffin a friendly environment in general and to contribute to the national development in specific. One of the major activities conducted through the SDC is organizing programs on developing teaching skills of lecturers essential in producing marketable undergraduates. Annually SDC conducts the Induction Program for the academic staffand train the academics with novel teaching methodologies, IT base teaching tools, student counseling etc. Apart from the training programs for the academic staff, the SDC conducts programs for the administrative staff development, general staff development, health and safety, and health awareness program. The Centre has a team of expert resource persons involved in conducting the activities and programs. They are academic and administrative staff of SUSL and also experts of other institutions and organizations. The Staff Development Centre is well-equipped with modern state-of-the-art teaching tools and communication tools where an audio visual unit and a video conferencing unit are facilitating the programs to be conducted effectively and efficiently.

#### Centre for Gender Equity and Equality (CGEE)

Sabaragamuwa University of Sri Lanka (SUSL) is committed to the promotion of Gender Equity and Equality (GEE) and women's empowerment where all students, academic, administrative and support staff, female and male, enjoy equal opportunities, human rights, and free from all forms of discrimination and harassment. As such, members of the University community have the responsibility of ensuring gender inequity and Sexual and Gender Based Violence (SGBV). There shall be a GEE Cell of SUSL reporting to the Vice-Chancellor with the following roles:Provide training on gender equity and equality (including social intersections) for the establishment of a core team of gender experts. To conduct research, review policies and contribute policy inputs in the university level. It is intended to do the curricular reforms to inculcate the concepts and practices of GEE and to prevent and respond to SGBV by developing relevant skills. Identify ways and means of preventing SGBV in the university and empowering staff and students to prevent and respond to SGBV by developing relevant skills. Enhance its capacity to facilitate and monitor the implementation of the GEE Policy at the institutional level. Inquire complaints of sexual and gender-based violence and propose to university councils for disciplinary actions to offenders and facilities to victims.

#### **Career Guidance Unit (CGU)**

The Career Guidance Unit of Sabaragamuwa University was established in April 1998 on the initiative of the University Grants Commission (UGC), Sri Lanka. The Unit functions directly under the Vice Chancellor. We are located next to the Centre for Indigenous Community Studies.

Our Vision is the Maximum employability of graduates with minimum waiting time period through proper guidance and improve qualities that enable them to achieve a successful future career and the Mission is to Guide and facilitate undergraduates to improve qualities that enable them to be employed soon after graduation and to make sure a successful career development in the future.

#### University Business Linkage Cell (UBLC)

The University Business Linkage Cell of Sabaragamuwa University of Sri Lanka was established with reference to the University Grants Commission Circular No.10/2016 from May 2018. The University Business Linkage Cell has taken the responsibility to link the University research and innovation activities with external business stake holders. The cell functions directly under the Vice Chancellor and the senate approved Advisory Board.

Vision: We strive to bridge the gap among Private and State-owned businesses, the academic community, faculties, and undergraduates.

Mission: The University Business Linkage Cell of Sabaragamuwa University of Sri Lanka coordinates and acts as the interface with the industrial sector by facilitation, support, analysis, negotiation, strategy designing, organization, documentation, planning and monitoring of UBL portfolio with the aim to achieve the objectives of UBL Cell.

Objectives Increasing Enrollment in Priority Disciplines for Economic Development Improving the Quality of Higher Education Promoting Research, Development, Innovation and Commercialization Enhancing community engagement through disseminating knowledge to wider community

#### **Department of Physical Education**

The Department of Physical Education has been established to facilitate sports activities among students. There are modern facilities available within the University, for students to engage in about 21 different sports. The Department consists of qualified trainers to train students. The students of Sabaragamuwa University of Sri Lanka brought honors nationally and internationally in the field of University Sports

#### 1.4.3. Other Physical Infrastructure

**Administrative Complex**: Even though facilities for education has been improved in SUSL, relative development was not evident in the physical infrastructure of Administration Branches (i.e. Examination Division, General Administration, Student Affairs, Establishment, Finance Branch, General Maintenance and Stores) which presently operates with minimum space, which limits the physical potential of the development of SUSL. Therefore, the physical facilities for administration should be developed.

**Hostels for Students**: As the University is in a low density area, considering the difficulties in finding the residential facilities for undergraduates by themselves, all the students whose permanent residencies are more than 20 km away from the University are provided hostel facilities by the University. So, about 95.2% of the undergraduates are received the University provided hostel facilities.

The University has provided accommodation in its own three hostel complexes (12 units) only for about 2692 students out of 3896 residing students. All the other students have been provided with accommodation in rented houses (33 houses) in the vicinity with bare minimum facilities. The University spends more than 12 million per annum for rented houses to accommodate the students.

**Water Supply**: One of the challenges faced when implementing the development plans of SUSL is limited water supply. As per the recent data, the required daily water

consumption exceeds 500,000 liters, out of which, around 350,000 liters are supplied

by Hirikatuoya and 150,000 liters are supplied by ground water wells. However, the extended dry periods can reduce the supply of water from Hirikatuoya to less than 30% of its capacity. Resultant severe water shortage is partly solved by bringing water from sources elsewhere (i.e. Kalupahana area), which are also thinning out in dry periods. As a result, during peak dry seasons, SUSL spends a considerable amount of additional money for supplying required amount of water, yet measures are insufficient. Therefore, even for its present capacity, SUSL needs a reliable water supply and purification scheme. Future expansions of SUSL should therefore be in parallel with the expansion of the water supply. The new water project is started in year 2017 with the financial support of World Bank.

**Housing for Staff**: There are 38 family quarters and 179 bachelor quarters are allocated for the academic, administrative and non-academic staff members of a grandtotal of 245. The constructions of the new housing project is undergoing at the Non perial land of the university. Presently these facilities are not sufficient, especially for the academic staff. Being a residential university, more accommodation facilities need to be constructed for future expansions as well.

**Canteens**: All the student canteens are functioning under the guidance and supervisions of Academic and Students' Affairs Division. All the cooking equipment and furniture are provided to the canteens by the University. Canteen keepers have been totally released from the paying charges of water and electricity. In addition to these relief subsidy is paid for the gas based on the student ratio.

**Medical Centre**: The Medical Centre of SUSL is generally used as a preliminary treatment point and patients are transferred to a main hospital when the need arises. The need for upgrading the medical Center for a medical complex with residentfacilities is essential.

**Sports Facilities**: Sports facilities (a small gymnasium, a swimming pool, basketball and tennis courts, and some indoor sports facilities for student hostels) are currently available to cater to the sport needs of the university. These facilities are not sufficient for the current student numbers let alone the planned expansion of future intake of the students and the staff. Being the only university in Sri Lanka to offer "Sports Sciences and Management, Physical Education" degrees, expanded sports facilities such as a playground suitable for track and field events, a gymnasium with a sufficient capacity and equipment to accommodate the present and future needs are urgently needed. In line with these requirements, the first stage of the university playground is under construction, but the development process still needs to be continued.

**Pre-school and daycare Center**: One of the unique social services offered by SUSL to the university staff and the wider community is its Pre-school and Daycare center. At its present location donated to the university by external sources, this service oriented unit accommodates about 90 students. However, most of its physical resources are over used and needs to be replaced. Further, the Day-care Centre has to be expanded

from its currents state, to accommodate about 25 children from the families of the university staff.

**Power Supply**: The Ceylon Electricity Board (CEB) has provided a separate power exchange for the University. However the University experiences frequent power failures and therefore alternative sources of power supply are needed.

**Motor Vehicles**: Presently, SUSL operates with a vehicle fleet consisting of the following and needs replacement at the expiry of effective lifetime of each Motor vehicle. Further, it is a must to expand the fleet with the expansion of other human and physical resources.

Vehicle Type	Nos.
Motor Cars	06
Double Cabs	06
Vans, including dual purposes	06
Motor Lorry	02
Motor Coaches	07
Ambulances	01
Tractors	03
Tailors	05
Three Wheelers	04
Water Bowser	03
Gully Bowser	01
Hand Tractors	04
Motor Cycles	04
Total	52

#### Table 1.7 Vehicle Fleet of the University

**Security Situation**: SUSL has an Internal Security System to provide security services to safeguard the assets of the University. In addition, a Police Post of the Sri Lanka Police is also established outside the premises assuring the security of students, staff members and assets. However, the planned expansion of SUSL highlights the need of a modernized security system supported by technological advancements.

**Solid waste and sewage disposal**: As a residential university, the whole student population of SUSL is provided with hostel facilities in university hostels or rented houses. Night soil accumulated in these hostels is frequently emptied from the septic tank systems. Additionally, loads of solid waste accumulated inside the university has already created hygienic problems as there is no planned way of disposing them. Therefore, proper solid waste and night soil disposal system is a high priority requirement for SUSL. Further, maintaining cleanliness at the university premises is challenge, and with the developmental activities planned for the future, parallel expansion of such facilities is also required.

**Recreational facilities**: Main recreational facilities available at SUSL are open air theatre, Agrifac Farm-stay, Gymnasium, Swimming pool and Uni center. AgrifacFarm Stay is a perfect stopover and a charming and peaceful holiday destination for a much needed get-away. Swimming pool was initially built for recreational purposes during the Samanalawewa Project and handed-over to SUSL, hence, its suitability for "sports degree programs conducted by SUSL" is less significant, yet mostly used for such purposes. Recently completed openair theatre holds sufficient facilities to stage drama, musical shows etc.

**Museum:** Museum at SUSL shows its greater capacity as evidence storing center of anthropological significance and as at present plays a vital role as an additional attraction for the university. However, improving its capacity will ensure better service to the university and wider community. This should locate in the same new building complex proposed for the Center for Indigenous Studies.

**Future prospects** The Demand for the higher education of Sri Lanka has remark ably increased. The higher education institutes need to prepare in advance to cater for this increasing demand. The human, capital and infrastructure facilities also need to be enhanced and necessary changes in study programs are also required to cater to the national and international demands.

#### CHAPTER 2: SUMMARY OF ANALYSIS AND IDENTIFIED PROBLEMS

A SWOT was conducted to identify Strengths, Weaknesses, Opportunities and Threats (SWOT) and to find out the root causes for the existing problems and another Gap analysis aiming how the university intends to shape the productivity of the graduates.

#### 2.1 Summary of SWOT Analysis

#### 2.1.1 Strengths

#### A Member of the International Association of Universities (IAU)

Sabaragamuwa University of Sri Lanka is a member of the International Association of Universities (IAU).Founded in 1950, under the auspices of UNESCO, the International Association of Universities (IAU) is the leading global association of higher education institutions and organizations from around the world. IAU brings together its Members from more than 120 countries for reflection and action on common priorities. It acts as the voice of higher education to UNESCO and other international higher education organizations, and provides a global forum for leaders of institutions and associations.

**"A" Graded Degree Programs:** All the degree programs of the Faculty of Management Studies and Degree programs in the Faculty of Social Sciences & Languages have been evaluated by the Quality Assurance Council of the UGC and awarded "A" grades.

**Large Extent of Land**: A large extent of land owned by the university is one of the main strengths of SUSL. It has a total extent of about 253 acres. Presently only a fraction of the available land area is utilized, leaving a large expansion potential for future development.

**Rich Natural Environment and Socio-Culture**: There is a rich natural environment and socio-culture in the area, a conducive teaching and learning environment. On one hand, the university is surrounded by a range of mountains extending from Horton Plains, while one of its borders is the Samanalawewa reservoir. The Main campus is also in close proximity to the anthropologically important sites such as Batadomba Lena, Batathota Lena, Kuragal, Bellanbedipelassa and biodiversity sites such as Sinharaja forest reserve, Horton Plains, Peak Wilderness Sanctuary (Sri Pada forest Reserve), Udawalawa National Park, and Yala National Park. Thus, the location provides a better study sources for most of the programs such as natural resources, anthropology, agriculture, tourism and surveying. This will therefore ensure the maximum use of the planned infrastructure developments for the said areas of studies. **Infrastructure**: Buildings and other infrastructure received from the Samalawewa Project are high value assets that enabled the University to develop at a comparatively low cost. Recently established faculty complexes and other supportive infrastructure facilities further enhance the teaching-learning process.

**Human Resource**: Compared to other young universities, SUSL has a number of postgraduate qualified and relatively young academic staff who has a very goodpotential for development. SUSL has satisfactory staff both administrative and nonacademic staff.

**Information Technology**: SUSL has developed with modern IT facilities and work in line with the government's initiative to promote IT education for all university students. All the academic programs are equipped with IT courses and each faculty has a computer center, which is connected to a network system with extensiveInternet facilities; the student: computer ratio is currently 3:1. These facilities will facilitate future developments in the IT sector of the university.

**Library:** SUSL has a developed library with more than 150,000 books and other education facilities. It has access to e-books and e-journals, an asset for both students and academic staff.

**Medium of Instruction**: English is the medium of instruction for all degree programs, which results in shaping the students of all disciplines to the trends in the current job market.

**Unique Courses Conducted**: SUSL has several unique courses leading to specialized degree program: Surveying Science, Sports Sciences and Management, Physical Education, Eco Business Management, Indigenous studies, Ayurvedic Hospital Management and Tourism & Hospitality Management. These courses attract more students and cater to the current job market due to their uniqueness.

**Industry Oriented Updated Courses**: Most courses offered by SUSL are directed and developed towards the needs of the industry and the government sector. Further, continuous improvements of these courses are carried out taking into consideration the changes and needs of the relevant sectors, rendering these courses offer up-to date knowledge, experiences and skills to students. This process of adapting to the changing needs of the relevant sectors is enhanced by the "Industrial Training" program conducted by most of the Faculties during which students are exposed to andtrained in relevant specialized industries both in private and government institutions.

**Centre for Open and Distance Learning (CODL)**: CODL of SUSL caters to the needs of the area by offering modern courses, both as external degrees and certificates/diplomas. The CODL's effort to improve the English knowledge of the students in this area is highly reputed. Further, extended services of CODL in areas of IT education, Pre-school education, Business management, Agri-business management, Landscape Horticulture contribute to developing strong links between the outside community and SUSL.

Well established administrative system and its smooth operations.

**Strong relationship** among academic, administrative, students, and non-academic staff members and it assists to work collaboratively in common tasks

**Study Programs** incorporate vocational, professional and semi-professional course modules

Availability of state of art ICT support systems (e.g. LMS, Koha library system)

 ${\bf MOUs}\,$  with foreign Universities/ Institutes for exchange programs and academic collaborations

High employability of the graduates in every discipline

#### 2.1.2 Weaknesses

As against the strengths listed above, SUSL is saddled with several weaknesses, of which some are common to all universities in the country but some are specific to SUSL. The identified weaknesses are given below.

**Dearth of experienced staff**: The development of higher qualifications in SUSL staff both in academic and non-teaching staff is relatively slow. Hence, as at present, SUSL faces a dearth of experienced staff.

**Less research output**: Due to the insufficient research facilities and sub-optimal level of research culture in SUSL, the research output both in quality and quantity is low.

**Inadequate hostel facilities**: Although students are provided with hostel facilities, most of the hostels are rented houses which have minimum facilities.

**Inadequate infrastructure facilities:** SUSL's competitiveness in producing quality graduates to national and international demands is restrained, due to its limited infrastructure development. SUSL even to date operates in the former Samanalawewa expatriate village which is not meant for a university.

**Low ranking among Sri Lankan Universities**: SUSL is ranked as an average university in Sri Lanka, the 10<sup>th</sup> best conventional university as of February 2019. Therefore, SUSL is not qualified for special funding from the government to be able to be a world-class university.

**Comparatively less self-fund** generating activities

Less marketing and image building activities

Lack of proper sustainable waste management and disposable system Non availability of well-defined mechanism to absorb foreign students

#### 2.1.3 Opportunities

However, SUSL has a lot of opportunities mainly due to its location advantage and with the courses already available. Main opportunities identified are given below.

**Contributing to the concept of "Knowledge Hub in Asia"**: SUSL has the opportunity to develop its physical and human resource by accommodating a futuristic approach in line with the government's initiative of becoming the knowledge hub in Asia.

**Demand for Engineering and related degree program:** There are only few Engineering courses in the University System in Sri Lanka and there is a high demandfor such courses. Therefore, SUSL will have a greater opportunity with regard to the establishment of a Faculty of Engineering or related discipline targeting recent development in the adjuring districts.

**Environmental, Anthropological and Archeological Research:** Since located close proximity to the rich biodiversity locations such as Horton Plains, Sinharaja rainforest, Udawalawa National Park, SUSL has got an edge over developing several educational and research fields where attention of foreign universities and research institutions would be very high. This will further strengthen this opportunity and will help SUSL to develop as unique centers of "Environmental Education & Research" and "Anthropological & Archeological Research".

**Potential for Research and Skill Development**: SUSL is located in the heart of "Gem Land" of the country. Also, it is in close proximity to the centers of tea and rubber plantations, the backbone of the Sri Lankan economy. The climate of the area is suitable for the development of agriculture too. Therefore, the potential for development of knowledge and skills in these fields is high.

**Attraction of Foreign Students:** Since the university offers more unique course like surveying science, tourism, sport science, eco-business, food science etc. there is an increased opportunity attract foreign students from neighboring and no-neighboring countries.

**Expansions of Post-graduate Courses:** There are no places to get the post-graduate qualifications out of the urban cities therefore the SUSL can capitalize the demand though offering such courses.

**Expansion of ODL Courses:** The SUSL can start the short courses, certificates, Diploma and other courses targeting students from the neighboring regions since there are no opportunities in the region to get the educational experiences.

#### 2.1.4 Threats

Major Threats encountered by SUSL are summarized below.

**Emerging of Non-state Universities:** High competition since the emerging of private higher education institutions. Also, the UGC gives loans for the students those who want to complete their higher education in no state universities.

**Development of negative attitudes** about the graduates of state universities among the stakeholders.

Political involvement for the appointment of nonacademic staff members

Tuition mentality of the incoming students

**Shortage of Water**: A Major threat for the future development of SUSL is the shortage of water. Even though excess water is available during the rainy season, all water sources in the area get dried up during the dry season resulting a severe shortage of water.

**Location at an area with poorly developed facilities**: As SUSL is situated far from developed cities; basic facilities in the area are inadequate especially concerning education, health and other facilities including water. Therefore, the university is at a disadvantage for recruiting and retaining qualified human resource.

#### 2.2 Thrust Areas of Development

Based on the findings of SWOT analysis, SUSL has identified following thrust areas for future development.

**Agribusiness Management**: A timely important discipline, much different from the traditional agriculture. In contrast, the Agribusiness Management emphasizes on the management aspect of agriculture and focuses more on the management of agricultural output from the farm gate to the consumer. The Entrepreneurship development module will undoubtedly enhance knowledge in creating and sustaining new ventures to improve the living standards of farmers.

**Animal Biotechnology and Genomic Resource Management:** Sri Lanka is having a rich heritage of animal genetic resources including indigenous animal species as well as farm and wild animal species. These genetic resources such as disease resistant genes, high yielding traits, higher tolerant for ambient temperature, stress-resistant genes are considered as very important in the future of livestock industry as well and wildlife resource management. Protecting valuable but vulnerable genes from nature would have huge economic value. Horton planes, Udawalawa, and Sinharaja forests are considered as rich & densely packed with much of the indigenous flora and fauna be an added importance for the concept as their close proximity of the University.

**Natural Resource Science**: Based on resources endowed by the nature, SUSL is placed in an advantageous position to establish both undergraduate and postgraduatecourses in Natural Resource Sciences. These include Forestry, Wildlife, Mineralogy and Gemology. The University will be in a position, in the near future, to upgrade the proposed Department of Natural Resource Sciences into a Faculty and conduct Postgraduate Courses as well.

**Centre for Indigenous Community Studies** presently offers three postgraduate programs, yet operates with minimum infrastructure facilities. With the planned development ahead, the center should be established in a separate building with lecture theatre facilities and its other resources need to be improved. The name of the Center should be changed as "Center for Indigenous Studies" in order to broaden the scope of the post graduate degrees offered by the center.

#### Tourism, Hospitality Management and Eco-Business Management: The

Tourism Management Degree which is a pioneering effort by the University is another thrust area for future development. With the proposed establishment of a Mini Hotel and introduction of facilities for the establishment of this thrust area has the potential to offer variety of courses on Hospitality Management. It is suggested to upgrade the existing Dept. of Tourism Management to the faculty or schools status.

**Technology & IT Education**: The technology and IT education at SUSL could initially commence Undergraduate Degree Courses in IT Management and after a few years of operation it could be extended to conduct Postgraduate degrees.

**Faculty of Medicine**: As identified under opportunities, SUSL has established the Faculty of Medicine in Ratnapura and the Ratnapura General Hospital is upgraded as a teaching hospital.

**Physical Education & Sport Sciences and Management**: There is a high demand for degree programs in the fields of physical education and sports management locally and internationally. As the only university offering such courses, SUSL has a unique opportunity to develop and sustain this area of study.

**Surveying Sciences**: The Faculty of Geomatics is the only faculty in Sri Lanka to conduct degree programs in surveying sciences. These programs could be further blended with Engineering Science and Land Management. In fact, opportunities are available for the Faculty to establish another Degree Course in Geographical Information Systems.

**Centre for Open and Distance Learning (CODL)**: SUSL has already started offering several high demand Courses and Degree Programs. There are several unique courses being offered externally too. SUSL could use the facilities of the Education sector available in main cities to develop an infrastructure network to carry out theseprograms. Accordingly, SUSL can further expand this Unit and establish it as the Institute for External Degree Programs and Extension Services of SUSL. Under this

unit, community-based activities could be further developed to be a communityLearning centre.

**Postgraduate Education:** There is a vast demand for postgraduate courses in the area to unavailability of such opportunities in Sabaragamuwa and Uva Provinces, and also the unique degree programs offered by SUSL. Hence, offering such courses the University will not only attract graduates from SUSL and other universities, but also provide opportunities for the graduates in and around this area to pursue postgraduate education, for which they now travel to Colombo or further.

**Integrated community development**: In par with the government initiatives to improve the socio-economic status of the rural poor, mainstream universities such as SUSL which are involved and embedded with national development programs should undertake national development projects. One good example is the university involvement in "Rathnapura District Integrated Development Plan". As an integral component of this, the university has started a "Cattle Breeding Unit" and successfully developing it with the government funds, providing quality calves for the rural poor as an effort in promoting small-scale livestock farming in the area. Such projects of national and regional importance should be of high priority in expanding the community service of the university. The SUSL has proposed 'University Township Development Project' to uplift the present infrastructure, economic, socio-cultual and environmental states of the university and surrounding areas.

#### **Concluding Remarks**

Sabaragamuwa University of Sri Lanka, in an attempt of addressing its identified problems above, has developed goals, objectives, strategies and actions in line with the vision and the mission of the university. These attempts target several root causes, even though not addressing them all, and would be of paramount importance to improve the employability of its graduates, to improve the status of the university in global and Sri Lankan rankings, to improve its academic excellence and to cater the requirements of the industry and the society, both in national and international arena. Further, this strategic management plan has been prepared in line with the Sustainable Development Goals of the United Nation.

#### **3. STRAETEGIC DIRECTION OF THE SUSL**

#### VISION

To be an internationally acclaimed centre of excellence in higher learning producing dynamic leaders and national builders to guide the destiny of Sri Lanka.

#### MISSION

To search for and disseminate knowledge, promote learning, research and training to produce men and women proficient in their perspective disciplines possessing practical skills and positive attitudes enabling them to contribute towards the manpower requirements of the nation. The university will be centre of excellence for research and development for Sri Lanka in general and Sabaragamuwa Province in Sri Lanka.

#### GOALS

- 1. To achieve excellence in quality of teaching and learning
- 2. Enhance the image of the university by enriching research culture
- 3. To Improve Physical, Infra, Super Structures and Human Capital
- 4. To enhance the social responsibility and harmony for sustainable development
- 5. To strengthen the governance and administrative systems for effective service delivery

#### Goal 1: To achieve excellence in quality of teaching and learning

## Objective 1.1 To continuously improve the quality and relevance of academic programs

#### Strategy 1.1.1. Facilitate continuous quality improvement of the study programs

I	Develop policies for UBL Cell	Approved Policy Document				4	V			Deans/ Director- UBLC	1.IP policy, NDA,MTA, Copyright Policy(Comp leted) 2.(One Startup Formation guide in 2022)
II	Conduct awareness program among staff students	Number of awareness programs conducted		3	4	4	4	6		Deans/ Director- UBLC	
III	Develop the University Industry Business Linkage	1.Number of signed MOUS and contracts with industry 2.Licensing Agreements signed with industry				10 2				Deans/ Director- UBLC	10MOUs signed 2(LA) Signed
IV	Encourage students and staff to obtain Patents/Trade Mark/PCT Application	Number Patents/Trade Mark/PCT Application		3	8	6	2	3		Deans/ Director- UBLC	Filled Patents 14/Two Trademarks/ One PCT
VI	Establishment of the Faculty Business Linkage Units/Business Incubators	Number of Business Linkage Cell/Business Incubators established at the Faculty level					1	3		Deans/ Director- UBLC	
VII	Establishing Startup / Spin-Off	Formed Startup / Spin-Off (Two)					1	1		Deans/ Director- UBLC	

#### **Objective 2.3: To widen the research outcome disseminating channels**

# Strategy 2.3.1: Organizing research symposia Actions

Action No.	Activity	Unit of Measurement (KPI)	Status of 2019	2019 target	2020 target	2021 target	2022 target	2023 target	Total Budget	Responsible	Remarks
Ι	Organize student research forums to disseminate findings	Number of Forums organized at the Faculty level		4	5	6	6	7		Deans	
II	Conduct national and international research symposia by Faculties/University	Number of national and international research symposia conducted		1	1	3	4	5		Deans	

# Strategy 2.3.2: Publication of research journals Actions

Action No.	Activity	Unit of Measurement (KPI)	Status of 2019	2019 target	2020 target	2021 target	2022 target	2023 target	Total Budget	Responsible	Remarks
I	Ensure the publication of university journals bi-annual	Number of issues published Sinhala Journal		1	1	2	2	2		Director- CRKD	
		English Journal		1	1	2	2	2			
II	Introduce /Publish Faculty journals	Number of journals introduced	0	0	1	12	14	02		Deans	
		Number of issues published			2	13	13	13			

# Objective 2.4: To recognize and award the high quality research of university community

# Strategy 2.4.1: Awarding and Rewarding systems for encouraging researchers

Action No.	Activity	Unit of Measurement (KPI)	Status of 2019	2019 target	2020 target	2021 target	2022 target	2023 target	Total Budget	Responsible	Remarks
I	Develop policies and procedures for awarding and rewarding researchers at the faculty level	Number of Approved policies and procedures	-	-	-	2	1			Director CRKD	
П	Develop policies and procedures for awarding and rewarding researchers at the University level	Approved policies and procedures		-	-	1				Director CRKD	
III	Recognize and reward national and international outstanding research works and publications of the university community	Number of national and international outstanding research works and								Director CRKD	
	Most Cited Researcher of the year	publications recognized			1	1	1	1		CRKD	
	Outstanding researcher of the year	and rewarded by the university			1	1	1	1		CRKD	
	Development for encouragement for new innovation	Selection and appreciation					1	1		CRKD	
	Highest patent holder of the year										

# **Objective 2.5: To enhance the university image**

### Strategy 2.5.1: Conducting image building campaign of the university

Action No.	Activity	Unit of Measurement (KPI)	Status of 2019	2019 target	2020 target	2021 target	2022 target	2023 target	<b>Total Budget</b>	Responsible	Remarks
I	Establishment of an image building unit to design and implement the image	1.Established ImageBuilding unit2.Number of image		-	-	√ -	5	5			Established
	building programs, activities and product	building programs, activities implemented								VC	
п	Implementing a well- organized event for 25th celebration of the SUSL in 2021 Conducting a systematic event for the celebration of university day	Event organized				1				VC	Completed
III	Conducting awareness programs for the stakeholders about the academic programs being conducted by the university	Number of awareness programs organized					2	4		Deans	

### Goal 3: To Improve Physical, Infra, Super Structures and Human Capital

#### **Objective 3.1 To develop Physical, Infra, and super structures facilities**

#### Strategy 3.1.1 Accelerate approved construction projects

Action No.	Activity	Unit of Measurement (KPI)	Status of 2019	2019 target	2020 target	2021 target	2022 target	2023 target	Total Budget	Responsible	Remarks
I	Construction of the Building Complex of Faculty of Medicine ( Para Clinical and Admin Building)	Percentage of the Completion of the Building Complex			10%	50%	100%			Dean/FO M	
	Construction of the Building Complex of Faculty of Medicine ( Professorial Unit and Other Buildings)	Percentage of the Completion of the Building Complex					50%	50%			
II	Construction of the Building Complex of the Faculty of Technology	Percentage of the Completion of the Building Complex				30%	60%	90%		Dean/ FOT	
III	Construction of the Building Complex of Main Library	Percentage of the Completion of the Building Complex		50%	100%					Librarian	Has not yet been complet ed
IV	Construction of Cafeteria of ' <i>Walawa</i> ' girls' hostel	Percentage of the Completion of the Building complex		100%						Director - SSSW	Comple ted
V	Construction of the Building Complex of Faculty Applied Sciences Stage II (Phase 1)	Percentage of the Completion of the Building Complex		10%	60%	100%				Dean/ FAPS	
VI	Construction of Housing project at <i>Nonperial</i>	Percentage of the Completion of the Housing Project		100%						Registrar	Comple ted
VII	Construction of the Building Complex of Faculty of Agricultural	Percentage of the Completion of the Building Complex			10%	60%	30%			Dean/FA GS	

VIII	Sciences Phase I (Stage I) Construction of the waste and waste water management project	Percentage of the progress		40%	100%		N	VC/Registrar	
IX	Construction of the Solar power project	Percentage of the progress		20%	70%	100%		VC/Registrar	
X	Construction/improve ment of the University Road network	Percentage of the completion of the project		50%	70%	100%		VC/Registrar	
XI	Construction of the Building Complex of the Faculty of Management Studies Phase II (Stage I)	Percentage of the progress			10%	30%	I	Dean/FMS	
XII	Construction of the Language Resource Center-FSSL	Percentage of the progress		100%				Dean/FS SL	
XIII	Construction of the Innovation Center and Learning Commons- FAPS	Percentage of the progress		100%				Dean/FA PS	

# Strategy 3.1.2 Accelerate the initiation of physical, Infra and super structures projects Actions

Action No.	Activity	Unit of Measurement (KPI)	Status of 2019	2019 target	2020 target	2021 target	2022 target	2023 target	Total Budget	Responsible	Remarks
Ι	Initiate the Multipurpose Building Complex project	Percentage of the progress				30%	100%			Registrar	
II	Initiate the Gymnasium/Auditorium and Sport Complex	Percentage of the progress					20%	60%		Dean - FAPS	
III	Initiate the Mini Hotel/Teaching Hotel for Tourism and Hospitality Management degree programs	Percentage of the completion of the project					20%	60%		Dean- FMS	
IV	Initiate the Building	Percentage				50%	100%			Dean/FSSL	

	Complex of Faculty of Social Sciences & Languages Phase II (Stage I)	of the progress			
V	Initiate a Fully Pledged Media Center for the University	Percentage of the progress		100%	VC
VI	Establishment of Fully Pledged Arts Center for the University	Percentage of the progress		100%	VC
VII	Establishment of Fully Pledged Child Care Center for the University	Percentage of the progress		100%	VC
VII	Initiation of Obtaining Green Building Certificate New Building Constructions	Percentage of the progress	20%	40% 40%	VC/Registr ar
VIII	Initiation of New Building Complex for CODL from Generated Funds	Percentage of the progress		100%	Director /CODL

# Strategy 3.1.3 Renovate the existing building

Action No.	Activity	Unit of Measurement (KPI)	Status of 2019	2019 target	2020 target	2021 target	2022 target	2023 target	Total Budget		Remarks
I	Convert underutilized building into teaching facilities, accommodation and cafeteria	Percentage of the progress		60%	100 %					Registrar	Complet ed
II	Rehabilitation of staff and students' accommodation	Percentage of the progress		10%	20 %	30%	40%	50 %		Registrar	
III	Improve the facilities of new building acquired for the Faculty of	Percentage of the progress		75%	100 %					Dean - FOM	Comple ted

	Medicine at Ratnapura									
IV	Renovation of the Prof Dayananada Somasundara Auditorium	Percentage progress	of	the			100%		Dean/FS SL	
v	Renovation of the Staff Canteen	Percentage progress	of	the			100%		VC/Regis trar	

Note: In those initiation, constructions and renovation, special attention will be paid to facilitate differently able staff and students in the university and adopt Green Building concepts.

# Strategy 3.1.4 Introduce a Physical Development Plan for the University Actions

I.

1.											
Action No.	Activity	Unit of Measurement (KPI)	Status of 2019	2019 target	2020 target	2021 target	2022 target	2023 target	Total Budget	Responsible	Remarks
Ι	Identify future physical development requirements	The percentage of the progress				50%	100%			VC- SPU	
Π	Prepare a contour map for the University Land	The percentage of the progress				30%	100%			VC- SPU	
III	Prepare a physical development plan considering unique features (Roads, Buildings and other facilities)	The percentage of the progress				30%	80%	100%		VC- SPU	
IV	Prepare a master plan for the University Road network	The percentage of the progress				30%	100%			VC- SPU	
V	Prepare a landscape plan for the University	The percentage of the progress				50%	100%			VC- SPU	
VI	Develop a University Environment Policy	The percentage of the progress				25%	100%			VC- SPU	
VII	Develop University Green Procurement Guidelines Policy	The percentage of the progress				25%	100%			VC- SPU

II	Revisit faculty and university policies and bylaws and revise them to suit changing requirements	Number of policies and bylaws revised					50%	100%		VC/ CQA	
III	Develop a Procedure Manual for all the academic and administrative units	Approved Procedure Manual					1			VC/ Regi stra r	Dr Wahala Ms Waruni Thirana gamage should be appointe d

# Strategy 5.2.2: Implement a management information system covering operational and administrative functions of the university

Action No.	Activity	Unit of Measurement (KPI)	Status of 2019	2019 target	2020 target	2021 target	2022 target	2023 target	Total Budget	Responsible	Remarks
I	Appoint a committee to investigate the areas of MIS to be introduced	Appointed Committee				1				VC	Appointed
II	Development and installing of an academic management and administration system for the Sabaragamuwa University of Sri Lanka based on the Smart University concept	The percentage of the progress				20%	90%	100%			
	Select candidates from the Aptitude Test									VC/ Prof S.	
	Student Management System									Vasanth apriyan/	
	Student Welfare Management									Registrar	
	Student and Course Management System										
	Course and Marks										
	Management System										
	Human Resource Management					100%					
	General Administration										
	Handle Finance Activities										
	Monitoring and Auditing										
	Handle Research Grants										
	Fingerprint based Access Control Integration										
	Resource Reservation					100%					
	Document Management System					100%					
	Medical center										
	CODL										

III	Formulate a mechanism to conduct post implementation reviews and maintenance of MIS	The established mechanism			1		VC/ Prof S. Vasanth apriyan Registrar	

# Aligning the STRATEGIC MANAGEMNT PLAN 2019-2023 –SUSL with Sustainable Development Goals (SDGs) 2015-2030

The Sustainable Development Goals (SDGs), also known as the Global Goals, were adopted by theUnited Nations in 2015 as a universal call to action to end poverty, protect the planet, and ensure thatby2030allpeopleenjoypeaceandprosperity.

The 17 SDGs are:

**1NO POVERTY** ZERO HUNGER GOOD HEALTH AND WELL-BEING QUALITY EDUCATION GENDER EQUALITY CLEAN WATER AND SANITATION 7AFFORDABLE AND CLEAN ENERGY DECENT WORK AND ECONOMIC GROWTH INDUSTRY, INNOVATION AND INFRASTRUCTURE REDUCED INEQUALITIES **11 SUSTAINABLE CITIES AND COMMUNITIES**  RESPONSIBLE CONSUMPTION AND PRODUCTION CLIMATE ACTION LIFE BELOW WATER LIFE ON LAND PEACE, JUSTICE AND STRONG INSTITUTIONS **17 PARTNERSHIPS FOR THE GOALS** 

Accordingly, the five goals of the Strategic Management plan 2019-2023, SUSL has been aligned with the Sustainable Development Goals 3,4,5,6,9,10,12,14,15,16.
